

National Democratic Ticket.

FOR PRESIDENT,

GROVER CLEVELAND.

OF New York.

FOR VICE-PRESIDENT,

THOS. A. HENDRICKS.

OF Indiana.

MR. BLAINE very wisely gave

Hocking Valley a white horse.

Gov. HENRICKS ex-Speaker

Endall addressed the people at the

West Virginia State last Saturday.

All the deck hands on the steamer

Hocking Valley struck for higher

wages on her down trip last week.

The boat completed her trip however,

and will continue to run.

A storm by the name of Thorelli

is a candidate in the 1st Congress

district. This makes two

Republican and two Democratic

candidates in that district.

There are twelve German papers

in Iowa. Before Blaine was nomi-

nated, ten of them had been support-

ing the Republican party. Now

ten of them are advocating the

election of Cleveland and Hendricks.

BROOKS DEXTER has resigned the

position of associate editor and busi-

ness manager of the Butler county

News. The Louisville Conference

has assigned him to duty elsewhere,

which makes his resignation neces-

sary. We regret to hear that his

paper is a less vigorous man.

The Boston Post says: "It is

a fact that when an honest man writes

a business associate a letter contain-

ing nothing inconsistent with the

most scrupulous integrity and hon-

esty, he does not write conscientiously

at the bottom of the page, 'burn this

letter.'"

Mr. U. W. SIEMER has bought the

interest of J. H. BARKLEY in the

Hocking Valley and assumed con-

trolled of the paper. The

Hocking Valley has been owned

and edited by the people heretofore,

and Mr. Siemer promises that it shall con-

tinue in the same line. We wish

the Hocking Valley continued success for it deserves it.

The idea of there being two sides

to every question has by common

consent passed into an axiom. It

has been received, however, for the

question of Free coinage of silver

it is not so. The people recognize

only one side to that question. There

never was greater animosity with

the people of Kentucky, regardless

of party, than there is in the con-

tention of free labor and silver coin-

age. The people are not so stupid

as to stand upon the same plane with

that of convict labor.—Capital.

The Washington Capital says:

"In a roll of 368 newspapers pub-

lished in the German language, 287

are supporting Gro. Cleveland and

19 are advocating the free silver

cause. Thorelli, of the Hocking Valley,

names G. Blaine, and most of the

papers are owned or are edited

by officeholders, or are controlled by

rich interests, and in no proper

way do they represent the true

sentiments of the great body of Ger-

man-American citizens, who have

been proscribed, indicted, persecuted

and wronged by the Blaine party

and its turbulent managers, who are

Prohibitionists and Know-nothings."

It has been stated that the Com-

missioners of the Sinking Fund,

after having advertised for bids and

not receiving a satisfactory bid, had

then the convict labor can be leased

privately. This is true as to the

U. Blaine would be a direct appeal

to every young man in the 1st Con-

gress and offer him the choice of

success. These are some of the

reasons which justify Republicans in

supporting a candidate not of their

party. The President James G. Blaine

corrupt, or Grover Cleveland,

reform. For which, reader, will

you cast your vote?"

The Convict Question.

No new bill has been received by

the Commissioners of the Sinking

Fund for the lease of convicts outside

of the penitentiary, and the contract

of the prisoners employed by them

has been turned over to the State.

They will receive a very small number

to build up some work which they

will have to build, and the State

will have to build, and the State

will have to build, and the State

will have to build, and the State

will have to build, and the State

will have to build, and the State
